Two Hours Daily At LGH

Hospital Changes Visiting Hours

Lynchburg General Hospital has announced that effective December 1, 1964, visiting hours will be reduced to two hours daily. The new hours will be: 3:30 p.m. to 4:30 p.m. and 7:30 to 8:30 p.m. daily. In the past several years, the hours have been continuous from 1:30 p.m. to 8:30 p.m.

In making this announcement, Raymond E. Hogan, Administrator, stated that the change was necessary in the interest of better patient care. He noted that the Medical Staff of the hospital has been deeply concerned about the problem of excessive visiting and had gone on record in strong support of more restrictive regulations.

Under present regulations, Mr. Hogan stated, it is routine to find anywhere from 6 to 10 persons in one room; usually paying little or no attention to the patient but visiting among themselves. The patient is placed in the position of being a host or hostess, which is just the reverse of what the situation should be.

To further complicate the problem, Hogan continued, visitors never seem to know when to leave. What should be a 5 or 10 minute stay often times becomes an hour or more. By the time evening comes, the patient is exhausted and in many instances, treatments are delayed because the visitor traffic is too great to cope with.

Dr. L. R. O'Brien, Jr., Chief of Staff, commented, "The public doesn't seem to understand the real harm they can do to the patient by excessive visiting. Increased emotional stress, as well as actual physical exhaustion, both very harmful to sick people, are frequently the results from visits from well meaning friends and even from relatives. Consultation with the patient and even examinations and treatments to be made by the Doctors and Nurses are not infrequently interferred with because of the presence of visitors in hospital rooms."

Drs. J. B. Jones and William Barney, appointed by the Medical Staff to work with the Hospital Administration to solve the problem, remarked, "Visiting is a very special privilege available to the public as a demonstration of interest and concern for the patient. The patients' welfare should be paramount in any visiting situation and the privilege must never be abused.

If visitors would follow some simple rules, everyone would benefit. These rules are: limit the visit to 5 or 10 minutes, keep the conversation pleasant, do not smoke, do not sit on the patients' beds, see that no more than 2 persons are there at a time, and make the patient the center of concern, not other visitors".

All of those working to solve this problem expressed the hope that the public would recognize the problem and the fact that the only concern of the hospital is the welfare of the patient. Mr. Hogan stated, we are sure that once the public realizes its responsibility in this matter, we will have full cooperation in the observance of visiting policies.

Correction

In the article last week entitled, "Banks Mail Christmas Club Checks for $59,580," the totals for each bank should have read thus: Farmers National mailed out checks totaling $25,770 and Fidelity National, Appomattox Branch (formerly Bank of Appomattox), $33,810. Total savings broke all former records for the county, and will provide many a housecolder with needed funds for gifts, taxes, and possibly a nest egg for the beginning of next year's Christmas savings.

Committees Named To Locate New Precincts For County

County Supervisors have named a committee to select and draw up plans for a new voting headquarters for Chap precinct. The present building, termed inadequate in size and in room condition is located in the Chap community in southwestern Appomatox County. Supervis·r John C. Cole, plus Carter Martin and C. G. Harvey make up this committee.

A second committee has been named to select a location for the Old Court House p·ecinct (Clover Hill) now located in the Old Jail on Federal property at Appomattox Court House National Historical Park. U. S. Govt. authorities have notified the county that the precinct will have to be moved off federal property.

Supervisor R. M. Webb plus Murrell Ferguson, Howard Gilbert, and Harold Kanipe make up this committee.

In other action at the November meeting Supervisors agreed to pay all election judges and clerks $15.00 each for their day's work Nov. 3, a pay raise of $5.00 over the previous rate.

Board chairman Otho W. Martin, Jr., called attention to an error printed in the TIMES-VIR-GINIAN in October. Martin said that the clerkcie bill for Avco precinct covering a four year period had totaled $60, not the considerably higher figure appearing in the TIMES.

Supervisors announced that the new heating plant for the Court House and office complex cost approximately $7500. Discussion is underway for an addition to the Court House to accomodate offices for the Commonwealth Attorney, plus a jury room and other improvements in the eroded conditions now existing there. However, chairman Otho W. Martin, Jr. said no definite plans for construction have been approved. Hankins and Anderson, Richmond engineering firm, has submitted drawings for study, he said.

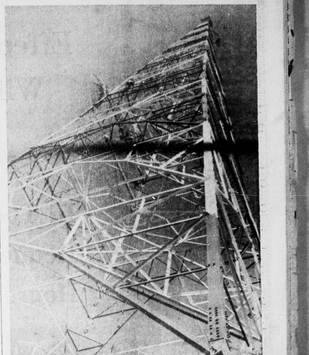
Occasion Calls For Gloves



It's a climb of 420 feet to the top of the State Police Tower, and for four painters from Kentucky it was not a social occasion, but still the time "to wear gloves." They used gloves as paintbrushes, applying orange and white paint, 50 gallons of it, dipping one-gloved hand into paint and covering the steel frame. R. I. Scott, Jr., shot this photo from "down under" as the painters clambered over the framework.
